Each team (except Amateur Open's) will be issued a pennant which must be affixed to the boat's antenna. Tournament Control will monitor Channel 16 and all boats will be directed to channel 9 for announcements. It is the Captain's responsibility to maintain contact with Tournament Control in the event of foul weather.

7- START AND END TIMES:

AMATEUR OPEN TEAMS: May leave the dock to fish at any time, from any harbor/port in Niagara County; however, it is the team's responsibility to maintain contact with tournament control (**716-628-2361**) should problems arise starting at 4 a.m. on the day of the contest. They **MUST** be in line at the Tournament weigh-in (Krull Park North) no later than 2:30PM at all events. If fishing is cancelled or suspended for the main tournament, the same restrictions will be put into effect in the Amateur Open class.

Communication and Radio Use Restriction: All participating boats must be equipped with an operational VHF radio. Radio silence and all forms of communication will be prohibited throughout tournament hours for all team members and observers; this is a CLOSED communication event. Tournament control will operate on Channel 9. All boats are required to remain and monitor channel 16 at all times except when directed to Channel 9 for communication by tournament control. Use of cellular phones, tablets, pagers, paging devices, communication watches, and VHF scanners is prohibited. Bags will be provided for the observers to gather all communication devices in. Observers **MUST** collect all communication devices prior to the official start time (leave starting point time: 5:30 a.m.). Radio use or cell phone use for reasons other than emergency will result in disqualification. In the event of an emergency, the observer can retrieve a phone and make a phone call on behalf of the team.

If using WiFi capable GPS units for navigational use, airplane mode must be activated. In addition to electronic forms of communication, any form of communication, such as: conversing from boat to boat, sign boards, hand signals, etc. are a violation of the intent of this rule and may result in disqualification. If teams catch a limit of fish early and/or heads to port early for other reasons, the observer can return all electronic devices for use once you have docked.

Summary: The objective of this rule is to not allow any form of communication between boats during tournament hours. The start of the tournament is considered to be the noted time that teams are allowed to leave the dock each morning.

- a) Upon returning to port the cooler containing the day's catch must be immediately drained of water and loose ice and transported to the weigh-in site.
- b) Any attempt to alter the weight of a tournament fish (excessive soaking, floating your days catch in water, pumping, injecting, etc.) will result in a self-inflicted DQ for the day.
- c) The cooler containing the day's catch may not leave the boat until your big fish for the day is tagged with a zip tie (in the mouth and out the gills) provided by the Tournament. Failure to do so will result in you, your Observer and your box being "held" in the pre-check area until a Tournament official is available to oversee the proper "tagging" of your fish.

- d) As soon as the cooler leaves the boat, it will be considered “sealed.” The handling of your fish by anyone other than a Tournament Official is prohibited.

Team Score sheets will be reviewed and must be in compliance with Tournament rules (see Rule 5 Section f). NOTE, Team Score sheets must reflect the number of fish brought to the weigh-in, the EXACT (degrees, minutes and seconds) GPS numbers recorded and the time caught for every fish boxed. You will not be allowed to correct this information after the fact. Failure to abide by these rules will result in disqualification for the day. Failure to record all other required information in the appropriate spaces will result in your cooler being held at the pre-check area until such a time as a tournament official is available to oversee any necessary corrections.

11-SCORING:

Amateur Open Teams Limits:

- a) May not arrive at the Weigh-in with more than 3 fish in their cooler.

Pro Classic Team Limit:

- a) Tournament limit shall be no more than 12 fish, of which no more than one (1) may be a Lake Trout.

- d) All Classic Division teams will be accumulating scores from both days to determine the overall winner.

12 - NYS AND TOURNAMENT LEGAL FISH DEFINITIONS:

FOR ALL TEAMS:

Steelhead - NYS legal length is 21 inches. Minimum Tournament length is 21 ½ inches. Captains are allowed the discretion to release Steelhead up to but not exceeding 22 inches. Attempting to weigh-in a Steelhead between 21 and 21 ½ inches will result in the loss of the fish and 25 points from your box score that day. **Attempting to weigh-in a Steelhead less than 21 inches will result in disqualification for the day.**

Atlantic Salmon –NYS legal length is 25 inches. Minimum Tournament length is 25 ½ inches. Captains are allowed the discretion to release Atlantic's up to but not exceeding 26 inches. Attempting to weigh-in an Atlantic between 25 and 25 ½ inches will result in the loss of the fish and 25 points from your box score that day. **Attempting to weigh-in Atlantic less than 25 inches will result in disqualification for the day.**

All Other Trout and Salmon –Minimum length is 18 inches. Captains are allowed the discretion to release fish up to but not exceeding 18 ½ inches. Attempting to weigh-in a fish less than 18 inches will result in the loss of the fish and 25 points from your box score that day.

HANDLING FISH:

- Teams must make every reasonable effort to immediately land every fish that is “hooked-up”.
- All fish brought to the boat must be immediately landed by net and allowed to be viewed by the Observer. Landing fish by lifting them into the boat by hand, line, rod and reel or gaff is prohibited.
- Observers must be allowed to verify the exact length and species of all “potential” undersized fish prior to releasing them.
- Any intentional act to cull fish such as, but not limited to, shaking off, over-aggressive reeling, breaking off, knocking off with the net, burning off or leaving a fish “hang” (Example: Allowing a hooked fish to sit in a rod holder unattended intentionally) is prohibited. This will be enforced!
- Any attempt to alter the length of a fish by breaking the spine or other form of mutilation is prohibited.
- Teams found in violation of these rules after a thorough investigation by Tournament officials will be disqualified.

HANDLING YOUR LIMIT FISH:

- The moment a team has boated 11 Tournament legal fish, the next fish “hooked-up” will constitute “possession” of your “limit” (12th) fish.
- While a team is in “possession” (fighting/landing) of their “limit” (12th) fish, any additional fish “hooked-up” must be brought to the boat, and at the discretion of the Captain, may be secured in the net but not lifted from the water or boated.
- When your limit fish (12th) is netted, boated, determined to be Tournament legal and boxed, your team will be “limited-out” and must immediately release any additional fish at the boat, cease fishing and return to the harbor.
- Teams found in violation of these rules after a thorough investigation by Tournament officials will be disqualified.

Certified measuring boards will be used at the weigh-in site. These boards will be present at the Captain’s meeting for teams to compare their own measuring devices to. This board will be the “OFFICIAL” measuring boards of the Tournament and will be used to determine whether or not a fish is “tournament legal.”

In no case will a team’s score be made less than zero.

- a) Any contestant or Observer witnessing a violation of the rules is **required to IMMEDIATELY** report the alleged violation to Tournament Control.
- b) Any suspected violations will be turned over to the Competition Committee for review. This committee will report all information to the Tournament Director. The Tournament Director will attempt to facilitate a resolution of the issue, before an Official Protest is filed.
- c) Any Team member or Observer has the right to file an Official Protest by completing and signing the Official Protest Form provided by the Tournament Director. This form must be presented to the Tournament Director within 30 minutes of receiving the form. Upon receiving the Official Protest form the Tournament Director will present the protested team with 15-minute opportunity to resolve the protest. Any unresolved protests will be forwarded to the appropriate Law Enforcement Agency for investigation.
- d) A \$100.00 (one hundred dollar) non-refundable protest fee (cash only) must accompany any filed protest form.
- e) The Tournament scores of protested teams will not be considered official, and any awards won by a protested team will be withheld until a complete investigation is finalized.
- f) Failure of any team to cooperate with the Competition Committee or the Tournament Director will result in immediate self-induced disqualification from the event.
- g) **THE "SPIRIT" OF THE RULES WILL BE ENFORCED AT ALL TIMES. ALL DECISIONS OF THE TOURNAMENT DIRECTORS WILL BE FINAL.**

All participants will be truly Amateurs, no US Coast Guard Licensed Captains will be allowed on any teams;

All NYS waters on Lake Ontario are open to fishing;

No Observers are required;

You can start whenever you want, wherever you want (Niagara County ports only), but you must be in line by 2:30 PM each day to weigh in at Krull Park in Olcott (Lions Club Pavilion, North). To help level the playing field, you must launch out of any of four Niagara County ports – from Fort Niagara to Golden Hill. **No fishing will take place under a Small Craft Advisory!**

Any combination of your top three Salmon or Trout (only 1 may be a Lake Trout) will be your "box" to be weighed. However, tournament size limits must be followed. See the

aforementioned rules of the tournament. You do not have to follow the rod limits set in place by the tournament. You must only follow state regulations.

Extended Online registration may be available.

Entry fees are very reasonable with payouts more than 100 percent of the entry fees plus merchandise prizes. Big fish prizes, too, each day. The intent is to pay back the top four teams each day based on 40-30-20-10 percentage breakdowns and big fish overall.

Each of the two days is a separate event. You can choose to fish any of the days that best fit your schedule.

If you choose both days, then you will automatically enter into the competition for the West End Amateur Cup and a check for \$500 in Cash.

Should one of the days be cancelled due to weather, Sunday will be used as a bad weather day. You must make yourself available. There are no refunds.
